

Sir James Clark
1788-1870

My Dear Madam,

I obliged to go
to the County to see
a patient today, &
shall not be back
before tomorrow night
at nine o'clock -
In case your husband
should be there before
I have enclosed a

prescription for a
dint medicine to be
taken at bedtime,
tonight & tomorrow
night if necessary.

I hope I may find
you better on Monday
about four o'clock
when I shall call
in Queen Square.

I hope my inability to
call today may not
put you to any undue
concern.

Yours truly
Laclark

If you take your medicine
tonight add a little warm
water to it.
